6. TERMINALS AND OTHER GOODS

(a) Use.

- (i) Unless alternative forms of accepting Transactions are provided for by the Card Scheme Rules or the Laws, you shall use a Terminal for accepting Transactions regardless of the amount involved and notwithstanding any Authorised Floor Limit.
- (ii) In the event that any Terminal is installed at your outlets, such installation will be agreed between the parties. Elavon reserves the right to withhold or withdraw its approval of the location of the Terminals, including Third Party Terminals, if the location is or becomes unsuitable for the purpose.
- (iii) You shall provide, maintain and pay for all power and telecommunications connections necessary to operate the Terminals including, payment for all related charges incurred by you in gaining access to and using the Merchant Services. You shall not use, or permit to be used, the SIM card from any GPRS Terminal for any purpose other than the transmission and receipt of data in connection with the Merchant Services. Elavon shall not be responsible for any losses or expenses incurred by you as a result of any error by a Third Party Vendor or by a malfunction in a Third Party Terminal.
- (vi) Pursuant to section 6(a)(vii), you may utilise at your own expense Third Party Terminals, provided such Third Party Terminals are in all respects compliant with the requirements of the Card Schemes including, for the protection of Cardholder information. You agree that the onus of showing such compliance shall rest with you.
- (vii) If we have agreed that you may use a Third Party Terminal, you shall either effect the outright purchase of any such Third Party Terminal or shall ensure its continued and uninterrupted availability by way of leasing or hiring or similar such arrangement. If your Third Party Terminals are leased, you shall be obliged to honour the terms and conditions of your leasing contract. However, you may not use a Third Party Terminal until Elavon has tested and approved its location and relevant systems. In accordance with section 6 (a)(v) and section 21(h), where you employ a Third Party Terminal, you will assume full responsibility and liability for any failure of the Third Party Terminal to comply with the Laws, the Agreement and the Card Scheme Rules.

(b) Chip and PIN Technology.

- (i) You are responsible for ensuring that your Terminals and your use of those Terminals are Chip and PIN Compliant.
- (ii) You shall have sole and exclusive liability for fraudulent Transactions that occur but which, could have been prevented had you been Chip and PIN Compliant. Without limiting the foregoing, subject to the terms of the Agreement, liability for all failed or fraudulent Transactions carried out using C&P Cards will still rest with you, in any case, where you accept a C&P Card Transaction:
 - (aa) using a Terminal or Third Party Terminal that does not incorporate Chip and PIN Technology;
 - (bb) using a Terminal, Card Reader or Third Party Terminal which incorporates Chip and PIN Technology but does not use the Chip and PIN functionality to accept the C&P Card Transaction;
 - (cc) without using a PIN Pad.

(c) Use and availability of PIN Pads

- (i) A Cardholder's Card information and PIN are confidential. You may not request or require a Cardholder to disclose his/her PIN at any point during payment. During the Transaction process, you must provide a reasonably secure area for Cardholders to enter their PIN into the PIN Pad. You shall cause a Terminal and PIN Pad device to be readily available at your locations for use by all Cardholders whenever C&P Cards are accepted. You shall take all reasonable steps to ensure that all Terminals and PIN Pads function with a minimum of error, in a reliable manner and in accordance with the standards established from time to time by Elavon and the Card Schemes.
- (ii) Except where otherwise allowed by the Card Scheme Rules or the Laws, you shall use a Terminal to initiate every C&P Card Transaction and you shall require that either the Cardholder or you insert and/or swipe the C&P Card through the Terminal. No C&P Card Transaction may be initiated unless the C&P Card is physically present.
- (iii) You shall require that each Cardholder enter his/her PIN using a PIN Pad at the Terminal. Unless otherwise allowed by the Card Scheme Rules or the Laws, you cannot request a C&P Card Cardholder to sign a Transaction Receipt or other receipt, or require any other means of identification.
- (iv) Subject to the Laws and the Card Scheme Rules, in the event of Chip Failure during a C&P Card Transaction, the Transaction may be completed as a magnetic-stripe-read Transaction but must be submitted for Authorisation, in accordance with the procedures detailed in the Operating Guide.
- (v) If you accept C&P Cards, no data referencing the Cardholder's PIN shall be printed on any Transaction Receipt.

(d) Refunds

- (i) If permitted by the applicable Card Scheme, you may electronically process a Refund for a C&P Card Transaction only at the same Customer named on the Transaction Receipt where the original C&P Card Sales Transaction was initiated. A Refund requires the following procedures:
 - (a) the Card must be inserted and/or swiped through the Terminal;
 - (b) the Cardholder must re-enter the PIN on the PIN Pad;
 - (c) Customer must transmit the Authorisation Code and the exact amount (in the relevant currency) of the Transaction (or part) to be credited or refunded.

(e) **Manual Processing (or Back-Up Procedures)**

If for any reason your Terminal ceases to function correctly or at all (e.g. it is unable to read the magnetic stripe on a Card), you will, with respect to Cards, follow the manual or other back-up processing procedures in the Operating Guide or other Terminal user guide, and shall otherwise follow any procedures specified by Elavon. Any manual Transaction Receipts must comply with the data requirements from time to time of the relevant Card Scheme.

(f) **Wireless Terminals**

- (i) **Limitations of Wireless Technology.** If you use a Card Reader or other Wireless Terminal, you acknowledge and agree that due to the nature of wireless technology, certain limitations exist that may affect the performance, Coverage Area and reliability of wireless technology and wireless processing in relation to a Card Reader or other Wireless Terminal. In the event that your ability to process wireless Transactions is limited or prevented for any reason, you agree not to use the Wireless Terminal and instead, to process the Transaction using alternative means as set out in the Agreement.
- (ii) **Completing Unauthorised Transactions.** If you choose to complete a Card Reader or other Wireless Terminal Transaction without an Authorisation Code as required by section 7(b) or without SCA as required by section 7(h), because wireless coverage is not available or otherwise (e.g. you store Transaction data in a Card Reader or other Wireless Terminal, provide the Cardholder with goods and/or services and subsequently request Authorisation of the Transaction), you do so entirely at your own risk.

7. AUTHORISATION AND SCA

- (a) **Authorised Floor Limit.** Unless otherwise agreed by Elavon in writing, the Authorised Floor Limit for Sales Transactions shall be zero. You must not split the value of sales made to a Cardholder at any one time over more than one Transaction to avoid obtaining Authorisation.
- (b) **Authorisation Code Required.** You must obtain an Authorisation Code before completing any Sales Transaction whether electronically through use of a Terminal or verbally by telephoning for an Authorisation Code in accordance with the Operating Guide.
- (c) **Effect of Authorisation Code.** An Authorisation Code does not:
 - (i) guarantee Customer payment for a Sales Transaction;
 - (ii) guarantee that a Sales Transaction will not be disputed later by the Cardholder or Issuer as any Sales Transaction is subject to Chargeback;
 - (iii) protect Customer in the event of a Chargeback regarding unauthorised Sales Transactions or disputes involving the quality of goods and/or services;
 - (iv) prevent us from recovering a Chargeback or other amount with respect to a Sales Transaction where permitted under the terms of this Agreement.
- (d) **Cancellation of Authorisation.** If you or the Cardholder decide not to proceed immediately with a Sales Transaction, you must cancel the corresponding Authorisation Request.
- (e) **No Authorisation.** If you do not make an Authorisation Request where required under this section, or if Authorisation is refused, you must not complete the Sales Transaction. Where the original Authorisation is refused, you must not resubmit a Sales Transaction for Authorisation. Should you do so, and you rely on any subsequent Authorisation, you will be liable (and will indemnify us) in respect of any Chargeback, Fees and Adjustments or other losses in relation to such Sales Transaction.

- (f) **Zero value Authorisations.** Authorisation Requests in order to validate a Card (usually for an amount between £0.01 and £1.00) are not permitted. You must process such requests as an Account Status Inquiry should you wish to validate a Card with no subsequent settlement, in accordance with the Card Scheme Rules.
- (g) **Cardholder authority.** You must obtain authority for each Transaction to be debited to the Cardholder's account. Such authority shall be deemed given (unless the Card is reported lost, stolen or compromised):
- (i) for a Transaction that is Card Present only when: (aa) with respect to PIN Transactions, the Cardholder enters the PIN correctly into the Terminal, and promptly effects a successful PIN verification, or (bb) you procure the Cardholder signature on the Transaction Receipt produced by the Terminal. The signed Transaction Receipt or printed Transaction record (following successful PIN verification) produced by the Terminal which shall constitute the Transaction Receipt, will in each case be evidence of the Cardholder's authorisation to debit the amount of the Transaction from the Cardholder's account.
 - (ii) for MO Transactions, by obtaining the signed written authority of the Cardholder and for TO Transactions, by retaining documentary evidence of the Cardholder's authority to debit his/her account for the Transaction amount.
 - (iii) for Internet Transactions, by obtaining the CVV2/CVC2 number from the Card.
- (h) **Application of SCA.** SCA applies to all Sales Transactions, subject to section 7(k) and section 7(l) below. Unless otherwise agreed by Elavon in writing, you must:
- (i) electronically request the application of SCA before completing any Sales Transaction, through the use of a Terminal or through the Service and Software (in the case of Internet Transactions);
 - (ii) enable and cooperate in the application of SCA to all Sales Transactions;
 - (iii) follow any instructions with regard to SCA received from an Issuer or Elavon, including instructions provided electronically through a Terminal or through the Service and Software (in the case of Internet Transactions). If an Issuer and Elavon give you incompatible instructions regarding the application of SCA to a Sales Transaction, you must give priority to the instructions of the Issuer.
- (i) **SCA Decisions.** You must not:
- (i) apply SCA on your own initiative if an Issuer or Elavon have not instructed you to do so;
 - (ii) split the value of sales made to a Cardholder at any one time over more than one Transaction or otherwise misrepresent the circumstances of a particular Transaction to avoid applying SCA.
- (j) **No SCA.** If you do not request, enable or cooperate in the application of SCA where required under this section, or if SCA is unsuccessful, you must not complete the Sales Transaction. Should you do so, you will be liable (and will indemnify us) in respect of any Chargeback, Fees and Adjustments or other losses in relation to such Sales Transaction.
- (k) **SCA Exemptions.** An Issuer or Elavon may decide not to apply SCA to certain Sales Transactions to the extent allowed by Laws or Card Scheme Rules, such as in the case of the following Sales Transactions:
- (i) contactless Sales Transactions and Internet Transactions below thresholds specified in SCA RTS;
 - (ii) Sales Transactions at unattended Terminals for purposes specified in SCA RTS.
- In such case you will be notified electronically through a Terminal or through the Service and Software (in the case of Internet Transactions).
- (l) **SCA RTS Scope.** SCA does not apply to Sales Transactions that are outside the scope of SCA RTS, including:
- (i) MO/TO Transactions;
 - (ii) Sales Transactions initiated by you.

- (m) **Personalised Security Credentials.** A Cardholder's Personalised Security Credentials are confidential. You may not at any point during payment request or require a Cardholder to disclose his/her Personalised Security Credentials, capture or modify Personalised Security Credentials, capture or modify Authentication codes generated with the use of Personalised Security Credentials, or obscure or modify any information communicated through a Terminal or through the Service and Software by an Issuer or Elavon to a Cardholder in connection with the use of Personalised Security Credentials. During the Transaction process, if use of Personalised Security Credentials requires a Terminal, you must provide a reasonably secure area for Cardholders to use their Personalised Security Credentials through a Terminal.
- (n) **Effect of SCA.** The application of SCA does not:
 - (i) guarantee Customer payment for a Sales Transaction;
 - (ii) guarantee that a Sales Transaction will not be disputed later by the Cardholder or Issuer as any Sales Transaction is subject to Chargeback;
 - (iii) protect Customer in the event of a Chargeback regarding unauthorised Sales Transactions or disputes involving the quality of goods and/or services;
 - (iv) prevent us from recovering a Chargeback or other amount with respect to a Sales Transaction where permitted under the terms of this Agreement;
- (o) **Card Recovery.** You will use reasonable means to recover any Card in circumstances set out in the Operating Guide (i) if you are advised by Elavon or instructed to do so by a Terminal, a Compatible Device, the Issuer, or a voice authorisation centre to retain it; (ii) if you have reasonable grounds to believe the Card is lost, stolen, counterfeit, fraudulent, or otherwise invalid, or its use is not authorised by the Cardholder; (iii) with respect to Visa branded and MasterCard® branded Cards, if the four digits printed below the embossed account number do not match the first four digits of the embossed account number; or (iv) with respect to MasterCard® branded Cards only, the Card does not have the "Twin Globes" hologram on the lower right-hand corner of the Card face.
- (p) **No agency.** You must not suggest that you are acting on our behalf at any time, unless you are holding back or recovering a Card at our request.
- (q) **Disputes with Cardholders.** Any dispute between you and a Cardholder relating to a Transaction will be settled between you and the Cardholder. Elavon shall bear no responsibility for such disputes.

 - (i) the Transaction is represented by a Transaction Receipt conforming with the requirements of the Agreement and the Card Scheme Rules;

 - (iii) all statements of fact contained in the Transaction Receipt are true, accurate and complete;

 - (viii) you have not broken any obligations you may have to the Cardholder. If you have broken any of your obligations to the Cardholder, you will have also breached this Agreement; and
 - (ix) except where permitted in writing by Elavon and subject to the Card Scheme Rules and the Laws, no Transaction involves the use of a Card for any purpose other than the purchase, Refund or return of goods and/or services from you. No Transaction involves a Cardholder obtaining cash from you unless allowed by the Agreement and the Card Scheme Rules.
- (c) **Invalid Transaction Receipts.** A Transaction Receipt shall be invalid if it is not issued in accordance with the Agreement, Laws and Card Scheme Rules, including:

 - (v) another such receipt has been issued for the same goods and/or services which are the subject of the Transaction; (except in relation to sections 8(k), 8(l), or 8(m) below).

For a Transaction that is Card Not Present, this shall be done promptly but in any event, no later than seven (7) days following completion of the Transaction.
- (e) **Retention of Transaction Receipts.** You will retain in an accessible place and produce on demand the "Customer Copy" of the Transaction Receipt for at least thirteen (13) months following the date of completion of the Transaction or following the delivery of the goods or services (whichever the longer), or such longer period as the Card Scheme Rules or the Laws may require. Without prejudice to section 18(b), all such receipts (regardless of electronic or paper format) must at all times be kept in a secure manner in accordance with the PCI DSS.

For the avoidance of doubt, consent will be deemed to have been given by Elavon where you have included your anticipated MO/TO Transactions within your Application and that Application has been accepted by Elavon.
- (ii) If Elavon provides the consent set out in section 8(g)(i), for each MO/TO Transaction, you must retain in an accessible place and produce on demand documentary proof of dispatch of goods or supply of services rendered, for not less than two (2) years from the Transaction date.

You will not present the Sales Transactions labelled or otherwise attributable to the "balance" until the goods have been delivered to Cardholder or services fully performed.
- (n) **Future Delivery.** You may not present any Sales Transactions to Elavon (whether by electronic means or otherwise) that relate to the sale of goods and/or services for future delivery unless you have obtained the prior written consent of Elavon to do so. For the avoidance of doubt, consent will be deemed to have been given by Elavon where you have completed the 'upfront payments' section within your Application and that Application has been accepted by Elavon. If Elavon provides written consent, you must maintain sufficient working capital to provide for the delivery of goods and/or services at the agreed future date; such working capital shall be independent of any credit or proceeds resulting from future delivery Sales Transactions.
- (o) **Purchase with Cashback.** You may not provide Purchase with Cashback without the prior written consent of Elavon to do so. For the avoidance of doubt, consent will be deemed to have been given by Elavon where you have completed the 'cashback' section within your Application and that Application has been accepted by Elavon. If Elavon provides such consent, you must comply with the provisions set out in Schedule 4 in respect of Purchase with Cashback.
- (p) **Other Transactions.** You must obtain Elavon's prior written consent for other Transaction types including, pre-Authorisations (assured reservations); foreign exchange (Bureau de Change) Transactions; and contactless Card Transactions.
- (q) **Prohibited Transactions.** You will not present to Elavon, directly or indirectly, any Transaction not originating from a Transaction directly between you and a Cardholder, or any Transaction you know or should know to be illegal, fraudulent or not authorised by the Cardholder. You will not present any Transaction (i) representing the refinancing or transfer of an existing obligation of a Cardholder, or (ii) that arises from the dishonour of a Cardholder's personal cheque. In all events, you must give reasonable assistance to Elavon in the prevention and detection of financial crime at your locations.
- (r) **Multi-Currency Conversion.**
 - (i) If you submit Transactions for which you have offered to the Cardholder the goods and/or services in a currency (Transaction Currency) that differs from your chosen settlement currency (Settlement Currency) (Multi-Currency Conversion), then, in addition to the other processing fees payable for a Transaction, Elavon shall apply a conversion rate calculated daily by Elavon for each Multi-Currency Conversion. For the purposes of PSD 2 and other equivalent regulations transposing PSD2 in each EU Member States, the conversion rate will be shown in the Reporting Tool.
 - (ii) For the avoidance of doubt, if the Transaction Currency and Settlement Currency are the same, no Multi-Currency Conversion shall be required and no conversion rate shall be applied to such Transaction.

(s) **MCP**

- (i) If you offer MCP Transaction to Cardholders you are solely required to apply to this Transaction a foreign currency conversion or MCP rate obtained from Elavon. The foreign currency conversion rate is dynamic and validity of a particular rate may not be longer than 24 hours. Change of the foreign currency conversion rate does not constitute change of the Agreement.
- (ii) Application of the foreign currency conversion rate after its period of its validity has expired (as explained in (i) above) does not guarantee the settlement with use of this rate – Elavon may apply a different foreign currency conversion rate applicable for a given date. Elavon does not bear any liability for the difference between the foreign currency conversion rates in the circumstance presented in this subsection (ii).
- (iii) Elavon shall apply a MCP Mark up to the foreign currency conversion rate for each MCP Transaction. The MCP Mark up is presented to you in your Schedule of Fees or otherwise. For the purposes of PSD 2 and other equivalent regulations transposing PSD2 in each EU Member States, foreign currency conversion rate used for the MCP Transaction as well any other fees added will be show in the Reporting Tool.

9. REFUNDS

- (a) You must maintain and properly disclose to the Cardholder, at the time of the Sales Transaction and in accordance with the Card Scheme Rules and the Laws, a fair policy for the return of goods or cancellation of services, including any limitation you have on accepting returned goods or the cancellation of services. Although the giving of a Refund remains at your discretion subject to the Laws, you must offer Refunds in each location where you accept Sales Transactions.
- (b) In order to evidence a Refund, you will issue a Refund Receipt, giving a copy to the Cardholder.
- (c) In no event will you present a Refund that exceeds the amount of the original Sales Transaction. You will only make a Refund to the same Card or the same Cardholder's account which was used for the original Sales Transaction. You must not make a Refund with cash where the original Sales Transaction was made using a Card, unless required by the Laws, nor accept cash or other compensation for making a Refund to a Card.
- (d) The amount of each Refund represents a debt immediately due and payable by you to us irrespective of whether we make demand upon you for the value of any Refund. Elavon may debit Your Bank Account for the total amount of each Refund submitted to Elavon (less its Merchant Service Charges). If the value of Refunds is more than the value of Sales Transactions, the difference will be due from you to Elavon and we will debit the difference from Your Bank Account.
- (e) Unless otherwise agreed, in no event will Elavon be obliged to process returns, refunds, or adjustments related to transactions not originally acquired by Elavon.
- (f) Elavon may, in its sole discretion, refuse to accept any Refund. If we do refuse to accept a Refund, we will notify you (unless prohibited by the Laws) of the refusal and, if possible, the reasons for such a refusal.

10. REPORTING TOOL

You agree to provide all reasonable assistance to resolve any disputes arising from your receipt of Merchant Services. You must respond to a Retrieval Request with a legible copy of the Sales Transaction Receipt within the time-frame specified on the Retrieval Request. Failure to do so means you will automatically be responsible for any Chargeback relating to the Sales Transaction, and such Chargebacks cannot be reversed. You acknowledge that response to a Retrieval Request does not guarantee that a Chargeback will always be reversed.

11. RETRIEVAL REQUESTS

You agree to provide all reasonable assistance to resolve any disputes arising from your receipt of Merchant Services. You must respond to a Retrieval Request with a legible copy of the Sales Transaction Receipt within the time-frame specified on the Retrieval Request. Failure to do so means you will automatically be responsible for any Chargeback relating to the Sales Transaction, and such Chargebacks cannot be reversed. You acknowledge that response to a Retrieval Request does not guarantee that a Chargeback will always be reversed.

12. CHARGEBACKS

- (a) You shall be fully liable to Elavon for the amount of any and all Transactions returned to Elavon for whatever reason including, Chargebacks (together with any Chargeback Costs) or other disputes regarding the validity of a Transaction, even where (aa) all the requirements of Transactions set out in these TOS have been complied with, and/or (bb) you are under no legal liability in respect of the supply of the goods or services concerned.
- (b) Where a Chargeback is raised (aa) if we have not yet paid you for that Sales Transaction, we will not be required to do so; or (bb) if we have already paid you for that Sales Transaction, you must pay the value of that Sales Transaction back to us. This is also the case where you send details about a transaction to us which are not a Sales Transaction but which have been acquired by us as a Sales Transaction.
- (c) The amount of each Chargeback represents a debt immediately due and payable by you to us irrespective of whether we make demand upon you for the value of any Chargebacks.
- (d) We shall notify you, to the extent permitted by the Laws, as soon as reasonably practicable of any Chargebacks which have occurred or been incurred.
- (e) Where section 12(b) applies, we will be under no obligation to deal with the Cardholder ourselves or to try to obtain payment from them or the Issuer.
- (f) If you wish to dispute a Chargeback, you must prove to our reasonable satisfaction (or that of the relevant Issuer or Card Scheme) that the Sales Transaction was authorised by the Cardholder (as set out in section 7(g)), including the application of SCA where relevant, and provide us with any additional evidence that we (or the relevant Issuer or Card Scheme) require. We shall not be obliged to investigate or challenge the validity of a Chargeback.
- (g) A Chargeback can occur for any reason set out in the Card Scheme Rules.
- (h) You acknowledge and agree that we shall continue to be entitled to recover Chargebacks from you (and where relevant from any Person who has provided us with a Guarantee or security relating to your obligations under this Agreement) in relation to all Chargebacks that occur in relation to Sales Transactions acquired during the term of this Agreement, notwithstanding the termination of this Agreement for whatever reason.
- (i) You will not resubmit or reprocess any Sales Transaction that has been the subject of a Chargeback.

13. EXCESSIVE CHARGEBACK AND EXCESSIVE FRAUD MERCHANTS

- (a) Without prejudice to section 25(c), in the event that we are notified that you are an Excessive Chargeback Merchant or an Excessive Fraud Merchant, we shall take such action as we may deem necessary including:
 - (i) making a request (with which you will comply) for further information from you in respect of the Chargebacks or incidents of fraud in question, including the reasons for them and the measures you are taking to reduce them;
 - (ii) issuing you with instructions (with which you will comply) on how to reduce the level of your Chargebacks or fraud incidents;
 - (iii) immediate suspension of your right to accept Cards or retention of funds in accordance with the provisions of section 14.

 - (iii) the Customer's business model changes, exposing Elavon to a significantly higher financial risk (e.g. offering services that differ from the Customer's original business model) but excluding business models to which Elavon has consented to in writing;
 - (iv) you fail to maintain your Direct Debit Mandate
 - (v) you fail to provide the information we request pursuant to section 20(g);

- (c) Elavon may, without notice to you, apply any funds retained in accordance with section 14(a) against any Obligations. Also, Elavon may utilise any funds retained in accordance with section 14(a) in order to exercise its rights under the Agreement, including (i) withdrawing any amounts that it might otherwise withdraw from Your Bank Account or (ii) exercising its rights of set-off to collect any Merchant Service Charges, Chargebacks, all other Fees and Adjustments, or other amounts due to Elavon under the Agreement.
- (d) Elavon's rights set out at section 14(a) above shall continue until:
- (i) we are satisfied that you will not or cannot have any Obligations or, if you do, you will pay us promptly (which may or may not be after termination of the Agreement), following which we will pay the relevant amount to you; or
 - (ii) the Agreement has been terminated and you have fulfilled all your Obligations (such time being "Complete Performance", which in no event shall be deemed to have occurred earlier than three hundred and ninety (390) days following the effective date of termination of the Agreement or three hundred and ninety (390) days following the delivery date of goods or performance of services subject of a Transaction). At the time of Complete Performance, any amounts then retained in accordance with section 14(a) will be transferred to you, subject to the Agreement, the Laws, and the Card Scheme Rules.

15. SET-OFF

- (a) You irrevocably authorise Elavon to set-off by whatever means any outstanding liabilities (including the Obligations) owed by you (in whole or in part) to Elavon from time to time, without notice and both before and after demand (whether such liabilities are present, future, actual, contingent or potential) from: (i) any payments due pursuant to section 4(d) and/or amounts we would otherwise be obliged to pay to you under this Agreement; or (ii) funds held by Elavon pursuant to any other agreement between you and Elavon. - (d) Any exercise by Elavon of its rights under this section 15 shall be without prejudice and in addition to any other rights and remedies available to it under the Agreement or otherwise.

16. SECURITY

- (b) You will, in the event that we require you to provide us with security as set out at section 16(a), comply with that requirement and execute such documents as are necessary to grant such security, in both cases within the timescale that we specify.

- (a) You shall, in relation to the provision of Merchant Services, comply with all applicable Data Protection Rules as they apply to you in your role as data controller. The terms “processing”, “controller” and “processor” shall have the meaning ascribed to them by the Data Protection Rules.
- (b) You are the controller, and Elavon is the processor, in relation to processing of Transaction-related personal data in connection with the provision of Merchant Services. The data processing activities carried out by Elavon are as follows:

Subject matter and duration of processing:	Personal data is processed for the purpose of providing Merchant Services under this Agreement during the term of this Agreement.

- (c) When Elavon processes such personal data for any purpose other than in connection with the provision of Merchant Services (including, without limitation, carrying out fraud prevention checks, anti-money laundering checks and use of aggregated data for analysis purposes), Elavon shall be a controller in respect of such processing.
- (d) Where Elavon is acting as a processor on your behalf Elavon shall:

Elavon's use of the data

- (f) You agree that such personal data may be used, processed, disclosed or transferred (including, by electronic means and to and by any Affiliate, agent, representative, third party service provider, or commercial partners of Elavon, to regulatory bodies and authorities, other financial services companies, to credit reference agencies and/or to the Card Schemes, its employees and fraud monitoring agencies) for such purposes as may reasonably be required in connection with performance of the Agreement and for the purpose of enabling Elavon to fulfil its duties and obligations pursuant to the Agreement, the Card Scheme Rules and the Laws. You agree that in addition to the provision of identification and verification checks and provision of credit reports to Elavon, credit reference and fraud prevention agencies may also use your information and those of the Other Individuals (as defined in the Application) in the future to assist other companies for verification purposes and that such parties will retain a record of the search they conduct on our behalf.
- (g) You agree that Elavon may appoint Elavon's Affiliates as sub-processors and that both Elavon and Elavon's Affiliates may appoint third party sub-processors in connection with the provision of the Merchant Services, provided in each case that equivalent obligations to those contained in clause 17 are included in a written contract with all sub-processors.

Not more than once in any 12 month period you may request an audit to check Elavon's compliance with this section 17. You shall be responsible for paying the costs of the audit at Elavon's standard rates. The scope and timing of the audit shall be agreed in advance and any information accessed as a result of the audit shall be subject to the obligations set out in section 19 (Confidentiality).
- (j) Upon termination of this agreement to the extent that Elavon holds any personal data on your behalf as a processor you agree that Elavon shall delete such personal data unless Elavon is required to retain the personal data to comply with applicable laws or is otherwise authorised by law to retain the personal data.

- (k) Sections 17 (b) to (i) above only apply where Elavon is acting as processor on your behalf and do not apply where Elavon is acting as controller of personal data.
- (l) In handling (i.e. storing, processing or transmitting) sensitive payment data, you will implement security measures in your IT infrastructure as follows:
 - (i) In designing, developing and maintaining internet payment services, you will pay special attention to the adequate segregation of duties in information technology (IT) environments (e.g. the development, test and production environments) and the proper implementation of the “least privilege” principle as the basis for sound identity and access management.
 - (ii) You will have appropriate security solutions in place to protect networks, websites, servers and communication links against abuse or attacks. You will strip servers of all superfluous functions in order to protect (harden) them and eliminate or reduce vulnerabilities of applications at risk. Access by the various applications to the data and resources required shall be kept to a strict minimum following the “least privilege” principle. In order to restrict the use of “fake” websites, transactional websites offering internet payment services shall be identified by extended validation certificates drawn up in your name or by other similar validation methods.

 - (v) Security measures for internet payment services will be tested under the supervision of your risk management function to ensure their robustness and effectiveness. All changes are subject to a formal change management process ensuring that changes are properly planned, tested, documented and authorised. On the basis of the changes made and the security threats observed, tests are repeated regularly and include scenarios of relevant and known potential attacks.
 - (vi) Your security measures for internet payment services will be periodically audited to ensure their robustness and effectiveness. The implementation and functioning of internet payment services will also be audited. The frequency and focus of such audits should take into consideration, and be in proportion to, the security risks involved. Trusted and independent (internal or external) experts carry out the audits. They are not involved in any way in the development, implementation or operational management of the internet payment services provided.
 - (vii) Whenever you outsource functions related to the security of internet payment services, the provisions of SCA RTS relating to SCA and any relevant guidelines published by the European Banking Authority and other Competent Authorities shall be complied with.
- (m) Elavon shall immediately inform you if, in its opinion, an instruction given or request made pursuant to this clause 17 infringes Data Protection Rules.
- (n) **Security Measures.** In handling (i.e. storing, processing or transmitting) sensitive payment data, you will implement security measures in your IT infrastructure as follows:
 - (i) In designing, developing and maintaining internet payment services, you will pay special attention to the adequate segregation of duties in information technology (IT) environments (e.g. the development, test and production environments) and the proper implementation of the “least privilege” principle as the basis for sound identity and access management.

You shall at all times comply with the Data Protection Rules, and ensure that any Third Party Vendors that you use similarly comply with the Data Protection Rules. You shall ensure that all Third Party Vendors comply with all your obligations under these TOS and you shall remain liable for all actions and omissions of Third Party Vendors as if they were your own. Prior to disposing of any Cardholder account information, you shall destroy it in such a manner as to render it unreadable. Your obligations pertaining to the security of Account and Transaction Information shall survive the termination of the Agreement.
